The Wyatt Bench pays honour to the Wybone Founder, Charles E. Wyatt. An ambitious visionary, we've combined his passion for manufacturing with our in-house design experts to bring a refreshing, stylish and original bench design.

This bench is carefully crafted using galvanised steel and Iroko wood, making it stand out in historic and modern locations.

- The seating and backrest are made from Iroko wood. Only found in Africa, this exotic, stylish and durable wood is sourced from PEFC-accredited managed forests for sustainable solutions. So join us in going greener.
- Galvanised steel frame, legs and optional arm rests that are rust and corrosion resistant. Essential for benches in outdoor settings.
- Remove the stress of installation. Choose to have extended bench legs for concrete fixing or use RAWL bolts for ground fixing.
- Comes in 3 different wood finishes and multiple steel colours, including your own bespoke artwork.

**1YR** PARTS & LABOUR GUARANTEE

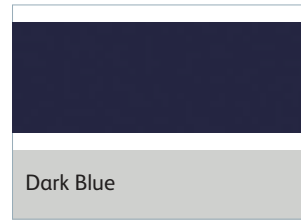

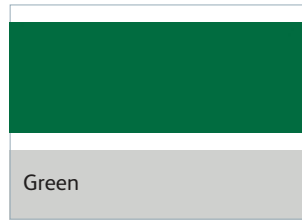

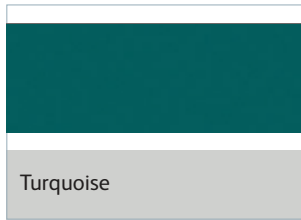

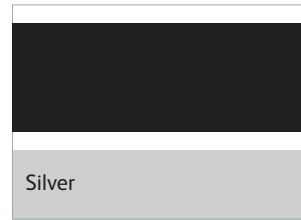

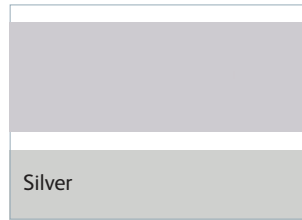

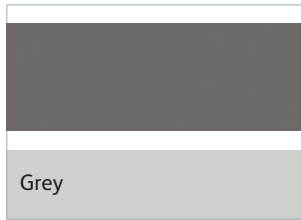

All of our products come with a 1 year parts and labour guarantee as standard.

1

### Choose Your Frame Colour

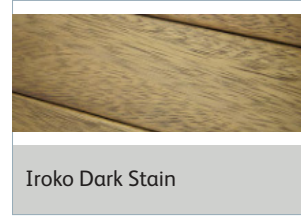

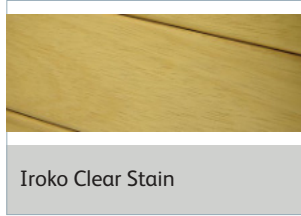

Made from galvanised steel, our choice of frame colour offers a high-quality finish.

2

### Choose Your Wood Finish

Whichever wood finish you go for, you're guaranteed a stunning bench.

3

### Optional Extras & Fixing Options

Customise your bench further and make the installation process hassle-free.
