MLB/112 Eco Steel Litter Bin

The Wybone MLB/112 Eco Litter Bin has been designed with the environment in mind. We've used the latest manufacturing techniques and state of the art machinery to reduce emissions and produce a litter bin that offers a small carbon footprint and is as ecologically friendly as possible.

Technical Information

- Pitched lid option to deter standing rain water or debris.
- Premium quality galvanised steel, powder coated in RAL 9005 Black as standard.
- Self locking slam lock door.
- Fold down apertures act as deflectors and direct litter into the bin.
- Galvanised steel internal liner with handles.
- Logos or branding can be laser cut to the front of the bin or applied in vinyl.

Construction

Hot dipped coated galvanised material to BSEN10346 grade DX51D+Z275 offering outstanding corrosion resistance and rust protection.

Hot dipped galvanised thick laser cut base plate with 4 holes for ground fixing.

Single hinged door using concealed full length large diameter stainless steel rod pivot hinge with frictionless bushes to the top and bottom, with additional fixing in the centre of the rod to ensure the door remains fixed in place.

Surface Finish

Electrostatically primed and powder coated and oven cured.

Standard Features

Self locking door using stainless steel slam lock, fixed with high tensile anti-tamper torx bolts.

10 Year Anti Perforation Warranty.

1 Year Parts & Labour Guarantee.

How to Order your MLB/112 Eco Litter Bin

1 Colour Options

This product comes in black as standard, or you can choose any of the colours below:

As Standard:	Additional Colour Options:			
				
Black RAL 9005	Silver PCM30001	Grey PC7016	Dark Blue PC5013	Dark Green 6028

2 Lid Options

Standard Lid
LID/S | Inc. in price

This flat lid comes as standard and is included in the price.

Pitched Lid
LID/P | £25.00

A high pitched lid discourages anti-social behaviour, stopping people from sitting on the bin or leaving rubbish on top.

3 Smoking Options

Pitched Ashtray
PITCH/AT | £79.00

Stainless steel self-emptying ashtray with stubber sections and large cigarette holes. A pendulum system ensures the contents empty into the liner when the ashtray is full. Fitted to the centre of the lid.

Stubber Plate
STUBBER/SS | £18.99

A stainless steel plate for stubbing out cigarettes and preventing unsightly marks on bins.

Retrofit Ashtray
RETRO/AT | £59.00

Circular galvanised steel ashtray available in gold or silver. Includes a counter-balance emptying system so no keys are required.

4 Aperture Options

(For additional options please see separate options sheet or contact us)

Standard Aperture
AP/ST

Used for litter and food waste

London Underground Aperture
AP/LU

Used for mixed recycling

Circular Aperture
AP/C

Used for cans, plastic or glass bottles

How to Order your MLB/112 Eco Litter Bin

8

Fixing Options

RAWL Bolts
BTGRL25 | £17.99

Set of 4 bolts for ground fixing with a pre-drilled base. The ground is drilled in the same arrangement as the fixing holes in the base of the bin. Bolts are placed in position and tightened to secure in the ground.

Internal Concrete Base
SLAB/F | POA

A concrete slab fitted to the inside of the bin. This provides a concealed way to weigh the unit down and prevent it from being moved easily.

Customisation Dimensions

How to fit your MLB/112 Eco

1 Position the bin with the door facing in the correct direction on flat ground without obstruction.

Use chalk to mark through the fixing holes onto the ground below.

2 Remove the bin and mark the ground with a cross where the four hole positions are.

Drill 16mm holes in the 4 marked positions to a depth of 100mm or long enough to accommodate the bolt length.

Remove any debris from the holes.

3

Bolt Anchor

Remove bolt from Anchor.

Fit Anchors into the holes and use a hammer to drive the anchors in.

4 Use a spanner or socket to tighten the bolts and their washers. Tightening the bolts will fan out the bolt sheath in the hole holding the bolt secure.

Replace the liner and shut the door.

For further information on fitting please visit our website or look for official RAWL documentation

Take a look at our other products at www.wybone.co.uk

The MLB/112 Eco has been designed using a streamlined manufacturing process to reduce welding and be kinder to the environment.

Manufactured using premium quality galvanised steel, primed and powder coated for maximum corrosion resistance, finished in black as standard.

The internal galvanised steel liner has two handles to the exterior to make removal and emptying an easier task for operatives.

The MLB/112 Eco comes with a flat lid as standard or choose our pitched lid to prevent rubbish being left on the top, with an optional pitched ashtray.

We've used the latest manufacturing techniques and state of the art machinery to reduce emissions and produce a litter bin that offers a small carbon footprint and is as ecologically friendly as possible.
